## Term 4 Week 9

### Principal's Message

Congratulations to all of our students and teachers for making the very best of a year that we all could have done without. Teachers have worked hard to make up for the learning time lost because of the lock down and the government has promised significant funds to assist schools in improving the literacy and numeracy of all students whose learning may have been adversely affected by school closures during the pandemic. The additional help is likely to take the form of additional staff to work with students in small groups. I will let you know more about that program in 2021.

We have a couple of staff changes for 2021. Mr Hinton is moving north and we wish him all the very best. Miss Hamilton is retiring. She has made valuable contributions to our school over the years and we wish her a happy retirement. Mrs Lambert is taking up an Assistant Principal position at Bradfordville for 2021. This is a wonderful opportunity for her to further her career. We will miss her but wish her the very best. Miss Bladwell is on maternity leave in 2021. We also wish her, her partner and baby the very best.

The easing of restrictions will allow many of you to travel away for holidays and to visit family and friends over the Christmas break. On behalf of the staff, *Happy Christmas* and may the new year bring an end to COVID-19!

## 3/4B Biography Projects

During Term 4, 3/4B created biography projects on famous people. Students had to conduct research on their famous person. The research included the person's early and adult life. A quote by them and some of their character traits. Some of the famous people researched included Michael Jordan, Anne Frank, Michelle Paine, Ahn-Do and Walt Disney. Students did such a great job on completing this project. Well done 3/4B.

4/5L have made reindeer decorations using a Chuppa Chup as the nose.
